**RxBIN:** 005377

**RxPCN:** 10000019

**Patient ID:** XX

**Person Code:** XX

**DOB:** Valid DOB

**Pharmacies:**

Claim must be submitted as a secondary claim using

**“Other Coverage Code 08.”**

Patient ID and Person Code may be Primary ID or Pharmacy generated.

PARI offers a co-pay program for eligible commercial insurance patients who are prescribed Kitabis Pak (co-packaging of tobramycin inhalation solution and a PARI LC PLUS® Reusable Nebulizer). This is an easy to use electronic program administered by your pharmacy, does not require a printed co-pay card, covers up to \$500 per prescription and holds no yearly maximum. Restrictions apply. Please see eligibility below.

## **ELIGIBILITY:**

Available to patients with certain commercial insurance prescription coverage for Kitabis Pak. This program is not available to patients whose prescriptions are covered, in full or in part, under any federal, state, or government-funded insurance programs (for example, Medicare, Medicaid, TRICARE, Department of Defense or Veteran's Affairs programs) or where prohibited by law. Offer subject to change or discontinuance without notice. Restrictions, including claim dollar maximums, may apply. This is not an insurance plan.
